EXPERIENCE

UX/UI Intern **June 2023 – Aug 2023**
Caterpillar – Cat Digital, Chicago, IL
Acquired knowledge of UI design principles of CAT Digital's Blocks Design System and Google's Material Design. Gained proficiency in the use of industry leading applications Google Analytics and Figma for UX/UI user behavior research and design. Conducted competitive analysis research and design ideations of a persistent cart feature to improve CAT Digital's parts ordering experience parts.cat.com.

Data Analytics Intern **June 2022 – Aug 2022**
Arthur J. Gallagher, Rolling Meadows, IL
Exercised knowledge in Excel, Pivot, and SQL to capture key elements of global client data. Increased team efficiency by managing interdepartmental requests to retrieve and analyze critical global data.

Teaching Assistant **Jan 2015 – May 2020**
Acharya Performing Arts Academy, Naperville, IL
Actively engaged with and taught students from ages 5-13. Strengthened their basics and fostered their passion for dance by connecting with them as a leader and peer. Managed backstage operations during recitals in collaboration with other assistants.

Research Intern **Jun 2019 - Aug 2019**
Castor Home Nursing, Sterling, IL
Presented a comprehensive catalog to business owner by utilizing research and analysis tools to create an inventory of medical equipment. Provided the owner with critical information for developing business strategies and decisions.
